

**Avocado & Mango**

**WHOLESALE**

**RETAIL**

At **Nature Tasty** we dedicate ourselves, with passion and enthusiasm, to the production of mango and avocado. We have our own fields and we also have farmers and suppliers worldwide committed to the quality and care of our fruit, who help us offer you unique avocados and mangoes throughout the year.

Our own production of mangoes and avocados are cultivated, with care, in one of the most privileged areas of the Valencian Community, in the coastal area of Castellón, where with a sunny climate of 365 days a year, our fruits grow in a climate Mediterranean tropical.

**Nature Tasty** distributes to wholesalers, food and fruit markets, nationally and internationally, and to large distribution chains, offering them competitive prices, becoming a main supplier of large food channels.

## WHOLESALE

## HASS AVOCADO

Our Hass avocado, freshly picked and produced by traditional cultivation, is preferred by most for its intense flavour, creamy texture and dried fruit aroma

4 kg. 

10 kg. 

## MANGO

The mango, a fruit with a tropical flavour, stands out for its intense sweetness with an acidic touch.

Appetizing, delicious, the mango is a fruit full of aroma, color and flavour that everyone likes.

It is very easy to eat, it can even be eaten with a spoon..

4 kg. 

5 kg. 

## LOGISTICS

**Nature Tasty**, dedicated to the production and export of mango and avocado worldwide, offers the best selection of our fruits, collected especially for you, in which we take care of every detail so that they reach their point of sale in perfect condition. Our commitment to quality supports us through the Global G.A.P. certification, the world standard for good agricultural practices.

## MARITIME MANGO

Mangoes are packed in 4kg boxes, of medium color and uniform maturation.

They are stacked in 21 layers and palletized, making a total of 230 boxes per american pallet and 184 boxes per european pallet.

Refrigerated between 8.5-12<sup>o</sup> C - depending on the quality of the fruit.

Generally the skin of this type of packaging are firmer.

## AIR MANGO

Mangoes are in 6kg boxes with coloration of more than 70% and more exact maturation.

Stacked in 22 layers and palletized, for a total of 198 boxes per pallet.

Refrigerated at around 10<sup>o</sup> c - depending on the quality of the fruit and its maturity.

Generally, at their destination, the handles of this type of package are touch-sensitive and have a ripening type of 3.5 to 4.0

**RETAIL**
